

CERAMICA DRY

Quality Polish you expect from Alpha[®]

Alpha[®] has expanded its line of polishing pads to now include a dry version of the superior Ceramica Resin. These pads utilize a new technology which provides a thicker diamond layer, thus creating better quality results and a longer life compared to the typical pads on the market today. Ceramica Dry is perfect for all natural stones and cement-based composites such as concrete and terrazzo. They are hook and loop backed and utilize Alpha[®] Backer Pads. They are available in 4" and have grits of 60, 200, 500, 1000, 2000, and 3000. The grit sequence is specifically formulated to provide the best possible finish.
